

THE CHEVY CHASE LAND COMPANY
OF MONTGOMERY COUNTY MARYLAND
ESTABLISHED 1890

September 26, 2013

FOR IMMEDIATE RELEASE

**The Chevy Chase Land Company is Proud to Support Montgomery County
Bikeshare**

The Chevy Chase Land Company is proud to be a corporate sponsor of Montgomery County's new Bikeshare program. As part of the Land Company's commitment to transit and sustainable development, we have contributed the funds for the installation of two Bikeshare stations at our properties located at Two Wisconsin Circle and Two Bethesda Metro.

As the only private property owner to sponsor Bikeshare stations in Montgomery County, the Land Company is taking a leadership role in promoting this program because we believe that Bikeshare is an essential component of a safe, efficient and environmentally-friendly transportation network. With over 5 million rides taken in three years, Bikeshare has proven incredibly successful in Washington, DC. In fact, Slate Magazine called it "the best bike-sharing program in the United States." We expect that Bikeshare will quickly become equally popular here in Montgomery County, and the Land Company is excited to be a part of this effort.

As the program expands, we expect to have a station at our Chevy Chase Lake East development project near a future Purple Line stop and the Capital Crescent Trail, so that nearby residents and tenants can also take advantage of this program.

The Chevy Chase Land Company has developed, owned and managed properties in the Bethesda-Chevy Chase area for 123 years, and we will continue to support programs like Bikeshare that contribute to the economy and quality of life in Montgomery County.
